Reference datum

Geographical coordinates have been provided by the NNTT Geospatial Services and are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.

Schedule 5 Draft Ministerial Directions as to Advisory Activities (Clause 10.2)

INTRODUCTION

The State of Victoria and the Dja Dja Wurrung Clans Aboriginal Corporation have entered into a Land Use Activity Agreement (the Agreement), under Part 4 of the *Traditional Owner Settlement Act 2010* (Vic) (the Act).

This Agreement relates to certain areas of public land within Victoria. Annexure 1 includes a map/description of the land (Agreement Land).

The Agreement categorises certain activities that can occur on this public land as Advisory Activities: a list of Advisory Activities is included under Annexure 2.

Under section 34 of the Act, I have the statutory responsibility to provide written directions as to actions that must be taken by the State and its delegates (as Decision Makers) prior to carrying out an Advisory Activity, or authorising the carrying out of an Advisory Activity, as the case may be.

MINISTERIAL DIRECTIONS

Under section 34 of the Act, I direct as follows:

- (a) A Decision Maker (as defined under section 29 of the Act) who is proposing to carry out an Advisory activity (listed in Annexure 2) on any Agreement Land (as in Annexure 1):
 - (i) must comply with, or exceed, the standards detailed in paragraphs (b), (c), (d) and (e) below; and
 - (ii) should apply the other considerations detailed in paragraphs (f), (g), (h) and (i) where relevant; and
 - (iii) at all times exercise his or her decision-making power in accordance with the principles of natural justice.

Minimum Standard

- (b) A Decision Maker must notify the Corporation that has an Agreement over the area to which the Advisory Activity relates. Notification may be in writing, including electronic form (e.g. being posted on an official website), and must include:
 - (i) The name of the government department, agency or authority giving the notice;
 - (ii) A description of the activity, why it is required, what legislation gives effect to the activity, and activity timelines;
 - (iii) A description of the land or waters affected (allotment, section, parish, county, road address or description, geographical location GPS), a relevant topographic map, plans or specifications where appropriate, and if available, aerial or other photographs of the site;
 - (iv) An invitation to comment that specifies to whom comments should be sent and the time-period within which comments will be accepted;

- (v) The name of a person who may be contacted for further information or explanation of the proposed activity.
- (c) The minimum time-period for the initial consultation between the Decision Maker and the corporation is 28 days from the date of the notification.
- (d) Where comments are received from the Corporation, the decision maker must:
 - (i) provide a response that acknowledges receipt of those comments;
 - (ii) actively consider those comments and, where practical, discuss those comments, and possible ways to resolve the issues with the Corporation; and
 - (iii) once a decision has been made, and where requested by the Corporation, the decision maker must send a subsequent letter detailing what, if any, action was taken in response to the comments received.
- (e) The Decision Maker must maintain records of all correspondence with the Corporation made with respect to these directions.

Other considerations

- (f) These directions describe formal procedures for engagement between a Decision Maker and the Corporation with respect to Advisory Activities. However, the Parties agree that engagement should go beyond formal procedures and establish a relationship between Parties that is flexible enough to respect and accommodate the needs of each party.
- (g) A notification and consultation process undertaken in accordance with these directions may include details of two or more Advisory Activities.
- (h) The Corporation has the right to choose not to receive notification for particular Advisory Activities. It may do this by writing to the Attorney-General.
- (i) There may be different procedures arranged for the notification of certain Advisory activities, if it is by mutual agreement of the Attorney-General and the Corporation.

Application

- (j) These directions apply to the Agreement Land detailed in Annexure 1.
- (k) These directions apply to the Land Use Activities that are listed in Annexure 2.
- (l) The requirement for the State and its delegates to follow these directions is effective from **[insert date]**.

Attorney-General

Schedule 6 Process as to multiple activities (Clause 14)

Application of joint process

All persons required to reach agreement under Division 3 of Part 4 of the Act in relation to two or more Land Use Activities may agree in writing to enable the Corporation's negotiations and decisions regarding those Land Use Activities to be conducted as a joint process, provided that all Land Use Activities to which the joint process relates relate to a single enterprise.

Note: A joint process should specify the Land Use Activities to which it relates, clearly identify the enterprise to which the Land Use Activities relate, and specify the particular actions each party is required to take and at what time.

Note: The fact that a joint process applies to a Land Use Activity does not alter the requirements that apply to the Land Use Activity under the Act.

Schedule 7 Community Benefits (Clause 16)

1. Land Use Activities to which this Schedule applies

- (a) Subject to paragraph (b), this Schedule applies to:
 - (i) all Agreement Activities and Negotiation Activities where a State Agency is the Responsible Person;
 - (ii) Negotiation Activities and Agreement Activities where a State Agency is issuing a Public Land Authorisation (other than a Carbon Sequestration Agreement) or approving a new timber release plan;
- (b) This Schedule does not apply to:
 - (i) Earth Resource Or Infrastructure Authorisations;
 - (ii) Carbon Sequestration Agreements;
 - (iii) Land Use Activities where a State Agency is not the Responsible Person; or is not issuing a Public Land Authorisation;
 - (iv) A Negotiation Activity that is the subject of an Application for VCAT determination under s 53 of the Act.

2. Community Benefits formula

- (a) The Parties agree that:
 - (i) if an agreement is made under Division 3 of Part 4 of the Act in relation to a Land Use Activity described in item 1 of this Schedule; and
 - (ii) that agreement provides that Community Benefits are to be provided to the Corporation;

then the State will provide Community Benefits to the Corporation in accordance with the table in item 4 of this Schedule.

3. Non-monetary Community Benefits

- (a) The State may, by agreement with the Corporation, provide all or part of an agreed monetary quantum of Community Benefits in non-monetary form.

4. Community Benefits formula

- (a) The Parties agree that each formula specified in the right hand column of the table below applies to the corresponding Land Use Activity specified in the left hand column.

Major works and/or clearing of land for Commercial Purposes (where a Public Land Authorisation is not required, and excluding Major Public Works)	Formula F

5. Formulae

FORMULA A

ACRONYMS: RENTAL Received (RR)

Community Benefits (payable each

year that the Lease rental is received) =

$$\begin{aligned} & (\$ \text{ amount of RR}^1 \text{ in } \$0 - \$20,000 * 25 \%^2) \\ & + (\$ \text{ amount of RR in } \$20,001 - \$100,000 * 10 \%) \\ & + (\$ \text{ amount of RR in } \$100,001 - \$500,000 * 5 \%) \\ & + (\$ \text{ amount of RR in } \$500,001 - \$1,000,000 * 2.5 \%) \\ & + (\$ \text{ amount of RR above } \$1,000,001 * 0.5 \%) \end{aligned}$$

PLUS GST

Note: The Corporation will also be entitled to reimbursement of reasonable negotiation costs (as prescribed by regulation)³

¹ Public Works (where a Lease applies) and Commercial Leases will be at market value as determined by the issuing authority, based on the market valuation as specified in Valuer-General's valuation report. For Community Purpose Leases discounted below the market value, the Community Benefits will be based on the discounted rate actually paid. A discount may be applied on account of the community purpose of the Lease at the discretion of the issuing authority. Rental as determined by the issuing authority, and under certain circumstances (e.g. times of hardship due to drought etc), the issuing authority may reduce or exempt the rental payable in any particular year. That is, the Community Benefits will be based on the actual rental payments received by the issuing authority in each year.

² All percentages in this formula are inclusive of a 10% solatium.

³ As provided for under section 52 of the Act.

FORMULA B

ACRONYMS: UNIMPROVED MARKET VALUE (UMV)

$$\begin{aligned} \text{Community Benefits} = & \left\{ \begin{aligned} & (\$ \text{ amount of UMV}^4 \text{ in } \$0 - \$100,000 * 25 \%^5) \\ & + (\$ \text{ amount of UMV in } \$100,001 - \$500,000 * 10 \%) \\ & + (\$ \text{ amount of UMV in } \$500,001 - \$1,000,000 * 5 \%) \\ & + (\$ \text{ amount of UMV in } \$1,000,001 - \$10,000,000 * 2.5 \%) \\ & + (\$ \text{ amount of UMV above } \$10,000,000 * 0.5 \%) \end{aligned} \right\} \end{aligned}$$

PLUS GST

Note: The Corporation will also be entitled to reimbursement of reasonable negotiation costs (as prescribed by regulation)⁶

⁴ UMV means market value of the area required for the public work, less the value of physical or structural improvements (i.e., buildings), as specified in Valuer-General's valuation report (or as otherwise agreed by both parties).

⁵ All percentages in this formula are inclusive of a 10% solatium.

⁶ As provided for under section 52 of the Act.

FORMULA C

Community Benefits (payable each year that the Timber Release Plan is current) =

$$\begin{array}{r}
 \text{Dividend}^1 * \frac{\text{adjusted area harvested}^2 \text{ by VicForests within TRP that is covered by LUAA}^3 \text{ in that year}}{\text{Total adjusted area harvested}^2 \text{ by VicForests in that year}} * \left[\begin{array}{l}

 + (\$ \text{ TO group share of Dividend}^4 \text{ in } \$20,001 - \$100,000 * 10 \%) \\
 + (\$ \text{ TO group share of Dividend}^4 \text{ in } \$100,001 - \$500,000 * 5 \%) \\
 + (\$ \text{ TO group share of Dividend}^4 \text{ in } \$500,001 - \$1,000,000 * 2.5 \%) \\
 + (\$ \text{ TO group share of Dividend}^4 \text{ above } \$1,000,001 * 0.5 \%)
 \end{array} \right]
 \end{array}$$

PLUS GST

Note: The Corporation will also be entitled to reimbursement of reasonable negotiation costs (as prescribed by regulation)⁵

1. Dividend

- Annual Dividend - as reported in VicForests Annual Report.
- Note that VicForests is required to pay a dividend in accordance with a determination of the Treasurer of Victoria under the *State Owned Enterprises Act 1992*. An obligation to pay a dividend only arises after consultation between the VicForests Board and the Treasurer of Victoria and a formal determination is made by the Treasurer.

2. Adjusted area harvested (hectares) - is defined as the area harvested within the financial year in which the dividend is paid adjusted for both clearfell logging and thinning harvesting activities. For the purposes of this formula, area thinned by VicForests will be weighted at 50% of the equivalent clearfell area. This is to reflect that fact that thinning activity normally results in the harvesting of 50% of the basal area, compared to clearfell logging. For example, if VicForests harvests 5,000ha (clearfell) and 2,000ha (thinned) the adjusted area harvested will be calculated as follows: 5,000ha + (2,000ha * 0.50) = 6,000ha.

3. LUAA – Land Use Activity Agreement negotiated between the State and a traditional owner (TO) group.

4. TO share of adjusted dividend – the proportion of the Dividend that is payable to the Corporation in that year for that TRP covered by the LUAA.

5. As provided for under section 52 of the Act.

6. Formula includes 10% solatium.

FORMULA D

ACRONYMNS: MARKET VALUE (MV); UNIMPROVED NET MARKET VALUE (UNMV)

UNMV = Sale price less financial value of third party interest(s)⁷ less MV of improvements⁸ less costs to sell⁹

$$\text{Community Benefits} = \left\{ \begin{array}{l} (\$ \text{ amount of UNMV in } \$0 - \$100,000 * 50 \%^{10}) \\ + (\$ \text{ amount of UNMV in } \$100,001 - \$500,000 * 25 \%) \\ + (\$ \text{ amount of UNMV in } \$500,001 - \$1,000,000 * 10 \%) \\ + (\$ \text{ amount of UNMV in } \$1,000,001 - \$10,000,000 * 2 \%) \\ + (\$ \text{ amount of UNMV above } \$10,000,000 * 0.5 \%) \end{array} \right\}$$

⁷ Value, most likely expressed as a percentage of market value, of third party interests as specified in Valuer-General's valuation report (or as otherwise agreed by both parties). Examples of third parties that might have an interest in Crown land include local councils, non-state tenants, and community or not-for-profit organisations.

⁸ Value, expressed in dollar terms, of physical or structural improvements, i.e. buildings, as specified in Valuer-General's valuation report (or as otherwise agreed by both parties).

⁹ Costs to sell include both incremental costs directly attributable to the disposal of an asset (e.g. legal costs; valuation costs; professional expenses; survey costs; and marketing costs) and costs incurred as part of preparing the land for sale (e.g. professional expenses or fees arising from rezoning or planning scheme amendments; remediation costs associated with the land (not improvements); fencing; and removal of improvements). Costs to sell does not include costs arising from relocating community facilities.

FORMULA E

ACRONYMNS: RENTAL RECEIVED (RR)

$$\begin{aligned} \text{Community Benefits (payable each} \\ \text{year that the Lease rental is received)} = & \left\{ \begin{aligned} & (\$ \text{ amount of RR}^{12} \text{ in } \$0 - \$20,000 * 50 \%^{13}) \\ & + (\$ \text{ amount of RR in } \$20,001 - \$100,000 * 25 \%) \\ & + (\$ \text{ amount of RR in } \$100,001 - \$500,000 * 10 \%) \\ & + (\$ \text{ amount of RR in } \$500,001 - \$1,000,000 * 5 \%) \\ & + (\$ \text{ amount of RR above } \$1,000,001 * 1 \%) \end{aligned} \right\} \end{aligned}$$

Under certain circumstances (e.g. times of hardship due to drought etc), the issuing authority may reduce or exempt the rental payable in any particular year. That is, the Community Benefits will be based on the actual rental payments received by the issuing authority in each year.
